Our different participation options are as follows:

1. Seminar Sessions

Duration: One Month

Description: 10 participants are chosen to meet twice a week at the seminar location. Each date will be chosen by the class as a whole. Each week themes and problems are discussed and used as the content of the works to be made that week. Each Seminar is unique by adapting to the majority interest of the class. Each session students & members of the human observation society are suggested to bring drink and food...think of it as a conceptual art potluck

2. One-on-One Tutoring Lessons

Duration: 1 hour per session

Rate: Sliding Scale / Barter

Description: Structured to the individual's schedule and interests. Lessons can include reading material, going to an exhibition and discussing the works, creating new works, et cetera.

3. Online Participation

Duration: Indefinite

Description: Using [www.humanobservationsociety.com](http://www.humanobservationsociety.com) participants ~~xxxxxxx~~ are given a new conceptual problem to solve each month. Each Problem comes with reading material and/or multimedia documents relating to the problem.

4. Lessons via Mail

Duration: Participants Discretion

Description: Lessons via Mail acts more like a project where letters are exchanged discussing reading material sent by the Human Observation Society. However all questions asked by the instructor must be answered by postcard.

All those interested in participating may reach us at [humanobservationsociety:at:gmail.com](mailto:humanobservationsociety:at:gmail.com) or <http://www.humanobservationsociety.com>
